

nd Bronchoscopic Ablation Summit

26 - 27 October 2023, Hong Kong

REGISTER NOW!

PROGRAMME HIGHLIGHTS

- Interact with the world experts in advanced navigation and therapeutic bronchoscopy
- Experience and test-drive the latest navigation technology, robotic bronchoscopes and ablation platforms
- Share the excitement & gain insight into transbronchial bronchoscopic microwave ablation by recorded live surgery
- Catch up on the latest developments in bronchoscopic ablation and join the discussion to shape its future

Guided Bronchoscopy

- Experiences with Electromagnetic Guidance & Airway Recognition
- Robotic Bronchoscopy Navigation

Image Guidance

- Radiology of Ablation
- Cone Beam CT
- Mobile CT Scanners
- Tomography & 3D Reconstruction

Energy Source

- Radiofrequency Ablation
- Thermal Vapour Ablation
- Microwave Ablation
- Cryoablation
- Pulsed Electric Field

*Breakout Sessions for Hands-on Experience with State-of-the-Art Equipment

- Navigation bronchoscopes
- Robotic bronchoscopes
- Ablation devices

Abstract Presentation

- USD 1,500 prize for the Best Oral Presentation; and USD 1,000 for the Runner-up.
- #Complimentary accommodation and registration for Abstract Oral Presentation Speakers

Recorded Live Bronchoscopic Ablations

*Limited quota, first-come, first-served.
